

DAY CAMP POLICIES

Club K-9 at The Ranch, LLC., provides a wonderful opportunity for your dog to experience playtime, entertainment and exercise! Our day camp program provides an innovative, exciting, and fun alternative to leaving your four-legged friend at home. We provide your dog with a safe and healthy play environment to enrich the spirit, increase social skills and stimulate the mind. This activity can have a very positive impact on your dog's health, happiness, and behavior. Listed below are the guidelines that all dogs and their parents need to know.

APPROVAL PROCESS: To be considered for day camp, dogs must be current on required Vaccinations and not be aggressive or extremely dominant. In order to ensure the comfort and safety of all of our day camp participants, a temperament evaluation is required prior to participation. This evaluation helps us determine if day camp is right for your dog. It also helps us determine which playmates your dog will have the most fun with so that we can place him or her in an appropriate playgroup. Please call us to schedule a time for you and your dog to come in for the temperament evaluation enrollment and to become acquainted with the resort prior to the first day at camp. This initial enrollment visit takes about half an hour and is essential to your dog's successful participation in day camp. A dog may be tested while lodging at Club K-9 if the pet assessment form is submitted and a testing appointment is scheduled. The cost of a temperament evaluation is \$25. Dogs that do not fit into playgroup may have individual daycare and activities with a Club K9 staff member.

VACCINATIONS: CLUB K-9 MUST HAVE A FORMAL VACCINATION RECORD or receipt from a licensed veterinarian indicating that the vaccinations meet the Club K-9 requirements listed below. Emails or faxes are acceptable. **Club K-9 may not be able to admit the dog to day camp if the required records are not received prior to the first day of schedule day camp.** The following vaccinations are required after the initial series of puppy shots:

- RV (Rabies: annual or three-year vaccine)
- DHPP (Distemper/Adenovirus Type 2 Parvovirus/Parainfluenza): annual or three-year vaccine
- BV (Bordetella): semi-annual or annual vaccine

NON-EMERGENCY CARE Certain dogs may react differently to new environments and separation from their parents, and there is some risk that even dogs from the same family may play roughly and injure each other when playing together. In the event that your dog should need non-emergency care while attending day camp, we will contact you to discuss the best course of action.

EMERGENCY CARE If your pet should require medical attention while in our care, our customary procedure is to contact you or your emergency contact to discuss the best course of action. Should the nature of your pet's illness require an office visit, we reserve the right to utilize a veterinarian of our choice. Our fee for transporting your pet to and from the veterinarian is \$50. Our fee for transporting your pet to and from certain specialists, or after hours, is \$80. Our fee for wait time at the veterinarian is \$10 per 30 minutes. Any costs arising from medical care that we pay on your pet's behalf will be billed to you at check-out.

BEHAVIOR MONITORING For the safety of all day camp participants, we continuously monitor the behavior of all the participants, since a dog's behavior can change over time. If a dog's social skills become unsuitable, day camp privileges will be suspended. In addition, dogs who have not participated in day camp for over three months will be watched closely. If such dog's behavior changes such that it imposes a safety risk to other dogs or to themselves, his or her day camp privileges will be suspended.

HEALTH All pets must be in good general health to play in day camp. Any pet known to have been exposed to a contagious virus must wait 30 days or until clearance by her or her veterinarian is given before visiting Club K-9 at The Ranch.

MEDICATIONS There is a \$3 medication/ear cleaning or drops charge for daycare customers

INTERNAL PARASITES If internal parasites are discovered, the dog will be quarantined and the parent will be called to discuss a plan of action regarding obtainment of veterinary treatment. A negative test for internal parasites from the dog's veterinarian will be required prior to the next visit.

DOG PICK UP If you need to have friend or relative pick up your dog, please notify our day camp staff in advance. We will not release a dog to anyone other than his or her parent without advance notification from the parent.

SCHEDULING In order to maintain the facilities and exercise yards in good condition, Club K-9 reserves the right to temporarily limit or suspend day camp activity from time to time. There will also be a \$25 no show, no call fee for daycare.
